Dear Mr. Miller:

**RE: Coastal Zone Consistency for Corps Reference #NWS-2012-574
South Seattle Delivery Lateral Expansion Project, King County, Washington**

On November 6, 2012, Northwest Pipeline GP submitted a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP). On April 29, 2013, Northwest Pipeline GP and Ecology agreed to a CZM extension until the enforceable policies of Washington's CZM Program could be met. Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Northwest Pipeline GP's determination that the proposed South Seattle Delivery Lateral Expansion, between mileposts 0.00 and 1.74 and between mileposts 2.17 and 4.00, is consistent with Washington's CZMP.

This consistency determination does not cover the Cedar River crossing segment between mileposts 1.74 and 2.17. The Applicant shall submit a separate Certification of Consistency for a separate CZM consistency determination from Ecology for that segment of the project.

If you have any questions regarding Ecology's consistency determination please contact Rebekah Padgett at (425) 649-7129.
